

TWIN EAGLES WILDERNESS SCHOOL

SCHOLARSHIP APPLICATION

Twin Eagles Wilderness School is proud to offer scholarships for most of our youth and adult programs. We believe firmly that deep nature connection mentoring should be available to all, regardless of their financial situation. Our scholarship program is a tangible expression of this belief.

Twin Eagles' scholarship fund is limited, and it takes valuable staff time to process scholarship applications and keep track of scholarship funds. Please keep this in mind when applying for a scholarship, and **please only apply for a scholarship if receiving an award within the scholarship range for the program you are interested in will allow you to attend.**

Scholarships are intended to give those without the financial ability to pay for our programs the opportunity to participate. Please see our website's scholarship page at <http://www.twineagles.org/scholarships.html> for full details on the scholarship award range for each program.

Financial Need

Scholarships are intended as financial assistance to enable people to participate who would not otherwise be able to afford the full cost of our programs. Please describe your financial situation and why you feel you need this scholarship to be able to participate in the program.

Application of Program Experience

If we receive more scholarship applications that we have available funds, we will distribute scholarships to those who are most likely to integrate the program experience into their lives the fullest. If you are applying for a scholarship for your child(ren) at a youth program, how do you see that this program will serve your child(ren)? How do you see that this program will better their lives? If you are applying for a scholarship for yourself at an adult program, how do you see that this program will serve you? How will you forward these teachings into your life and life's work?

Scholarship Application Process

Please see our scholarship web page for the **deadline** for your program scholarship application. We encourage you to apply for a scholarship early, which will increase your chance of receiving a scholarship. Once our scholarship fund is depleted, no further scholarships will be awarded for that program year.

For full details of the scholarship application process, see our web page at <http://www.twineagles.org/scholarships.html>
